

Remaining Consistent... Remaining Constant.

We continue to be excited about the future of FS Bancorp and Farmers State Bank. The past two years have presented our industry with several challenges including rapidly increasing interest rates. As we ended 2023, our company was positioned with its strongest regulatory capital position in the last 20 years, and the Bank enters 2024 with distinct advantages in several key areas including liquidity, asset guality and core earnings. While rapidly rising interest rates placed short term pressure on our margins, we believe the value of our core deposit franchise will become more evident should interest rates remain meaningfully above the low levels experienced by our industry for more than a decade. Simply put, FSB is well positioned to meet the needs of our communities going forward.

While our core earnings declined somewhat in 2023, we were able to execute a strategic balance sheet repositioning near the end of 2023. Despite the financial impact of the transactions executed near year end, we were able to produce solid core earnings and meaningful capital growth during 2023. At the end of 2023, we sold securities with a par value of approximately \$70 million, and those investments had a yield of approximately 0.85%. We are looking forward to utilizing the funds from this sale to achieve higher yields in new investments and loans.

Maintaining a strong and flexible balance sheet during the year was a key accomplishment in 2023. We were able to grow our loan portfolio by approximately \$48 million while maintaining a unique liquidity position. We ended the year with approximately \$100 million of cash and money market investments, and we ended 2023 with no borrowed funds from either the Federal Home Loan Bank or the Federal Reserve Bank. Many institutions borrowed significant funds from multiple funding sources in 2023, and some institutions may need to slow their lending efforts in order to limit increased reliance on borrowings. We are glad to be well positioned to meet the borrowing needs of the communities we serve.

During 2023, the FSB family was saddened by the passing of our former Board members Jim and Miles Perkins. Jim and Miles were incredibly impactful board members while serving FSB for many years, but their impact is much greater than their board service. The Perkins family was a founding family of FSB in 1915, and the Perkins family leadership has continued to impact the success of FSB and our communities for more than 100 years. Jim Perkins joined the FSB Board in 1983, and he was tremendously committed to the growth and success of FSB. In 1976, Miles became President of FSB and

served in that role until he retired in 2000. Miles became a board member in 1971, and he retired from the Board in 2010. In many ways, Miles was the heartbeat of FSB for decades. We are thankful for the many contributions Jim and Miles made to FSB and the communities we serve.

We believe that having a positive culture is a primary key to our success. This happens through the teammates we attract and retain. We truly believe we have the strongest team of bankers in the communities we serve, and our Blue Button Bankers care deeply about the communities we serve. We continue to be proud of our team's unselfish commitment to improving the quality of life in our communities. Our team doesn't take anything for granted, and we know that we have to earn our strong market position every day. We are really looking forward to what our team can accomplish in the future for FSB, our shareholders and the communities we serve.

Thank you for your continued investment in FS Bancorp!!
